Laps for Lapland

Why take part?

Laps for Lapland is a fun fundraising challenge. Anyone can complete a lap and raise money to send children living with a life threatening illness to Lapland to have a magical day with Father Christmas.

What it means

Every year, When You Wish Upon a Star takes many children from across the UK on a truly magical trip of a lifetime to visit the real Father Christmas in Lapland. It costs the charity £90,000 to charter the flight and our Laps for Lapland challenges raises funds to ensure we can continue sending children on this special trip. For each child and their parent or guardian it costs £900 and the trip gives the children who are living with a life threatening illness, respite and time out from painful treatments to simply be a child for the day.

It also gives parents a break and a chance to see their children smile, creating precious treasured memories which last long after the day.

How it works

In your workplace

- Complete a lap in a communal area of your workplace - why not invite other local businesses to join you?
- Make a £5 donation to complete your lap
- You could sell well deserved mince pies after your laps to raise some extra funds!

In your school or nursery

- Complete a lap of your playground, swimming pool or classroom
- Ask your family and friends to sponsor you to complete your lap
- Why not reward the children with some milk and cookies after their laps to raise more funds?

In your community

- Use a community space to complete your lap as part of a group or as an individual
- Ask your family and friends to sponsor you or make a £5 donation
- Laps aren't restricted to running and walking – why not try your laps on horseback, or by canoe at your local water sports centre?
