ABOUT US

When You Wish Upon a Star has a simple mission, to grant the Wishes of children aged 4-16 who live with life threatening illnesses. The charity was founded by Barbara White in 1990, who was so inspired by a seriously ill four year old girl with a dream to meet Mickey Mouse that she wanted to bring smiles to the faces of many more brave and courageous children.

Since that day we have proudly granted over 18,500 Wishes across the UK. Our Wishes have the power to transform the lives of the children and families we work with. They allow families to put their child's illness on hold as they have fun and create precious memories together. From these experiences the children and their families draw extra strength, courage and the resilience to carry on.

WISH STORIES

EDITH

Edith was unfortunately diagnosed with germ cell tumours. She loves the outdoors and her Wish was to visit the Eden Project, Cornwall with her family. Edith's mum Sam said

'It's actually difficult to recollect the exact words spoken by our oncology consultant when we were told with complete certainty that our beautiful, vivacious, intelligent, and strong-willed daughter had cancer. What isn't hard to recollect however is the unforgettable and excruciating pain felt as our hearts shattered into a million pieces.

A friend told me about When You Wish Upon a Star, an amazing charity who grant Wishes to children. They organised our dream family holiday to Cornwall, which is a very special place for us and we stayed in an amazing accommodation within 30 acres of wild-flower meadows with its own farm, lake and lots of other exciting activities which we just knew Edith would love. The Charity granted Edith's Wish and we can't thank them enough.'

RUBY

Ruby was only 4 years old and LOVED dancing and LOVED her ballet classes. When she was diagnosed with a Wilms Tumour her illness and the gruelling treatments meant that she had to put a stop to attending her ballet classes. Staying in an award winning 5 star hotel Ruby dressed in her handmade bespoke tutu was met by the Scottish Ballet Principle Dancer, the Nutcracker Prince who granted Ruby's Wish and invited her to dance in Clara's magical dream at the Nutcracker Ballet! A magical horse drawn carriage along the world famous Princes Street in Edinburgh Ruby arrived in style where she was met by the Snowflake Dancers at the Festival Theatre. Ruby had the chance to dance and even met the Sugar Plum Fairy herself who gifted Ruby a pair of signed pair of pointe shoes. Ruby is a true warrior and inspiration, her Wish created some of the most magical moments and where precious memories were made after such a difficult year.

"An amazing memory made for Ruby by an amazing charity" Ruby's family

Magical Wishes

Help us to fulfil our mission "to grant the Wishes of children who are aged 4-16 who live with life threatening illnesses"

Some children Wish to be a fairy princess, to meet a popstar or sporting hero, to dance at the Ballet or even say hello to Mickey & Minnie Mouse and for other children they may Wish for a laptop to keep in contact with their friends and family whilst in hospital during treatment.

A Wish gives our families time away and something to look forward to through times of uncertainty and often financial as well as emotional strain.

Wishes allow the family to put their child's illness on hold as they have fun and create precious magical memories that last a life-time!

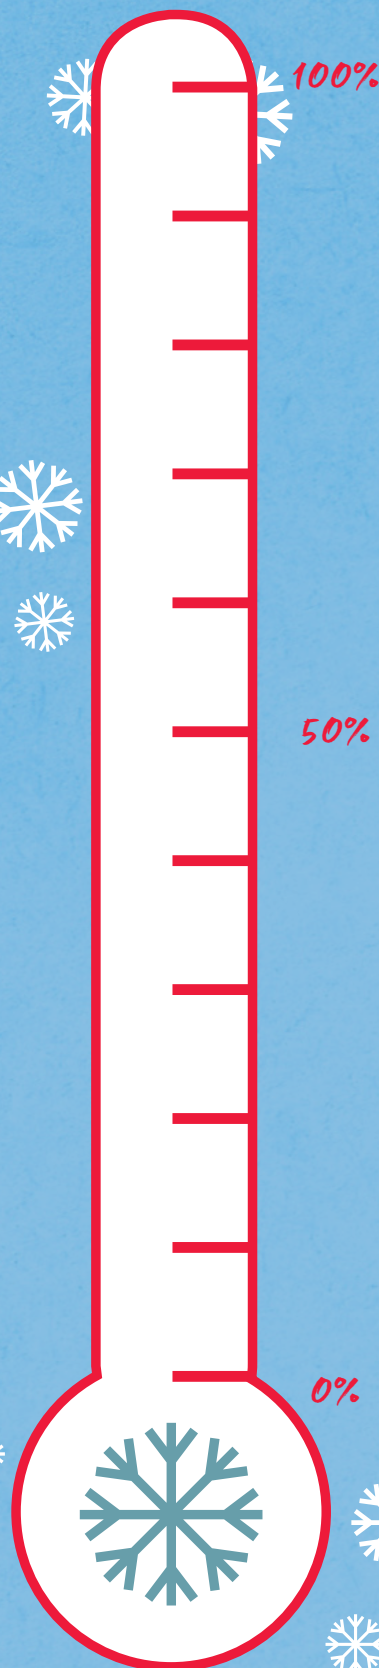

We invite you to be part of the magic!
