Dream making for sick children

When a child is diagnosed with a life-threatening illness, their childhood is often stripped away, playgrounds become hospitals and play dates become medical appointments.

At times it can be difficult to imagine a life without illness, one where a child can play with friends and family, smile and enjoy their childhood like any other healthy child.

When You Wish Upon a Star creates memory making opportunities as we reignite the magic of childhood, unite families and put smiles on faces as we proudly grant magical Wish experiences for children aged 4-16 who live with life-threatening illnesses.

As a small non-government funded charity we rely solely on the generosity of individuals, organisations, corporate support, partnerships and events to ensure we can deliver our children's Wishes.

Wishes come in all forms, from much needed respite holidays across the UK, concerts, being a zookeeper or pilot for the day, meeting celebrities or even something as simple as an iPad to keep in touch with extended family and friends while in hospital.

Each experience is tailored and inclusive as we create life-long precious memories for our families when they might not have thought it could be possible to achieve through illness or disability.
